STORM STRIKES GULF OF MEXICO

New Orleans Suffers No Serious Damage.

HAVOC WROUGHT ELSEWHERE

Wind Has Blown Trees Across Railroad Tracks In Southern Alabama, Destroying Wires and Interfering With Operation of Trains.

New Orleans, Sept. 28.—For more than 12 hours the tropical hurricane has been blowing 35 to 60 miles an hour. The telegraph and telephone wires are all down between here and gulf points where the storm is reported to have struck the heaviest washouts are also reported on railroads in that direction.

The damage reported thus far is confined mostly to the havoc of the tide driven by the wind upon the gulf coast to an unusual height. At the mouth of the Mississippi river pilots are compelled to abandon their tows. Seventy-five American fishermen and their families spent the night in boats on Doullot's canal to escape the water, which is rising over the Mississippi delta and threatening their cabins. The rice fields are considerably damaged in this section. No vessels have attempted to enter at the mouth of the Mississippi river since Tuesday night, but are riding out the storm in the open gulf.

A washout is reported on the Louisville and Nashville railroad at Lake Catherine and no trains are running. The New Orleans and Northeastern railroad reports its tracks under water at several places.

The damage in New Orleans is small so far. Lake Ponchartrain is 5 feet above the normal. The wind has swept away a few fishing shacks.

The West End City, a pleasure resort, has been damaged. Three barges were sunk in the Mississippi at Southport, above here.

Birmingham, Ala., Sept. 28.—A high wind which began here Wednesday night had entirely abated early Thursday afternoon. A heavy rain fell during the morning, but only slight damage has been done.

Louisville, Ky., Sept. 28.—Communication was had with New Orleans for a few moments at 10:45 a. m. The telegraph operator there reported that the wind was blowing about 48 miles an hour, but that the center of the storm was east of New Orleans and that the city of New Orleans had not suffered any serious damage, nor had there been any loss of life as far as reported.

It is considered in New Orleans that the storm hit the Mississippi coast and Mobile hard, but there was nothing to confirm this. The wire failed at this juncture.

General Manager Evans of the Louisville and Nashville has received reports from division superintendents on his road, indicating a violent storm south of Greenville, Ala. The wind has blown trees across the tracks, destroying wires and interfering seriously with the operation of trains.

A passenger train due in Montgomery, Ala., at 6 o'clock Thursday morning, did not arrive until nearly 11 o'clock, the delay being caused by numerous stops to remove trees from the tracks.

Louisville, Ky., Sept. 28.—The gulf storm which began to show its force Wednesday night, has destroyed all wire communication to Mobile and New Orleans and westward to the Mississippi river. The storm appears general between Montgomery, Ala., and the Gulf of Mexico. There has been no communication with New Orleans since midnight, the last word from there being to the effect that one suburb had been damaged somewhat by the wind and by a sudden rise of 4 feet in Lake Ponchartrain. Water is reported 4 feet deep in the streets of Moss Point, Miss., the high wind blowing the water in from the gulf.

At 1:30 o'clock Thursday morning communication was restored for a moment with Mobile, who reported a gale blowing with rain falling in torrents and rapidly falling barometer.

Washington, Sept. 28.—The weather bureau Thursday reported that the tropical disturbance has reached the Mississippi and southeastern Louisiana coasts, where it was central Thursday morning as a storm of great severity. Reports from Mobile and Pensacola are missing, by reason of the general prostration of telegraph wires in the storm-swept territory. High winds and rain prevail over Alabama, Mississippi and southern Louisiana, a maximum velocity of 48 miles an hour from the northwest being reported Thursday morning from New Orleans. The tropical disturbance will probably move northward during the next 24 hours and cause general rains east of the Mississippi and south of the Ohio, attended by high winds in the lower Mississippi valley, the east gulf states and probably Tennessee.

Storm warnings are displayed on the Atlantic coast from Norfolk to Jacksonville, and on the gulf coast from New Orleans to the northern portion of the western Florida coast.

Two Killed In the Fight.

Meridian, Miss., Sept. 28.—W. M. Duggan, a member of a sheriff's posse, was shot and killed Wednesday afternoon, about 6 miles from Macon, Miss., on the Mobile and Ohio railroad, north of Meridian, by a negro named Hayes, who was also killed in the fight with Duggan. Hayes killed John A. Cotton, a prominent farmer, near Macon, by shooting him through the heart with a shotgun. A brother of Hayes was arrested Tuesday morning by officers and confessed that his brother, who was killed Wednesday, murdered Cotton for no reason that he could assign. No excitement followed and the sheriff's posse quietly dispersed.

Storm Off Florida Coast.

Washington, Sept. 28.—The big storm which has been headed this way from the tropics reached the Florida coast Wednesday night and raged with high winds off the west side of the peninsula. Around Pensacola it blew 48 miles an hour, and storm warnings are displayed all along the gulf coast from Tampa to Port Eads, and on the Atlantic coast from Jupiter, Fla., up to Norfolk. According to the weather officials, during the next 24 hours the storm is expected to move north-northeastward, and high winds are scheduled for the south Atlantic and middle gulf coasts.

Kick Proves Fatal.

Princeton, N. J., Sept. 28.—While carrying the ball over for a touch down in a practice game of football at Lawrenceville, John P. Kennedy, captain and right half back of the Lawrenceville eleven, was kicked in the head. He walked off the field apparently unhurt, but died an hour later in the gymnasium of the school. He was 21 years old, and his home was at Troy, N. Y.

Boy Was Shot Through Head.

Montgomery, Ala., Sept. 28.—Mrs. R. L. Crowe returned from a theatrical performance to find her 13-year-old son, Emmett Crowe, shot through the head with a revolver bullet. The boy was alone in the house and the revolver was found on the floor near him. It is thought the shooting was accidental.

Explosion of Fireworks.

New Orleans, Sept. 28.—Two lives were lost in an explosion in Picone's fireworks factory, situated at Gentilly road and Marigny street, on the outskirts of the city. Frank Picone, the proprietor, and his baby were the victims. A number of girls employed in the place escaped without injury.

$300,000 Fire Loss.

Boston, Sept. 28.—The car barns of the Boston and Northern Street Railway company, on Washington avenue, Chelsea, were destroyed by fire early Thursday, together with about 60 cars. Loss $300,000. It is believed the fire was of incendiary origin.

Atlanta Man Falls Dead.

Anniston, Ala., Sept. 28.—A. J. Jackson of Atlanta fell dead here Wednesday from heart trouble. He had just been employed at the car works.

SALOON LICENSES HAVE BEEN REVOKED

Atlanta a Prohibition Town Until October 1.

MUST MAKE NEW APPLICATIONS

Council Took Drastic Action In Order to Get a Chance to Weed Out the Disreputable Saloons—Matter Caused Lively Debate.

Atlanta, Sept. 28.—By a unanimous vote the city council has revoked the license of every saloon in Atlanta until the first of October, and until that time the city is practically under prohibition.

This action was taken on a report from the police committee, which had been requested to investigate the saloons and ascertain what places could be classed as dives and unfit to engage in the liquor trade. The committee, after striking out 57 saloons, decided that such arbitrary action might be unjust to many saloon men, and when a conference was held with the citizens' committee of ten, it was decided to recommend to council the revoking of all saloon licenses for the purpose of weeding out the dives.

A fight was made by representatives of the whisky dealers, while citizens spoke in the interest of the report of the police committee. The debate became at times very animated, and on several occasions the audience indulged in applause, which was kept up until the mayor pro tem. called upon the city marshal to put a stop to it.

Citizens and members of council put the saloon men on notice that they had better submit to the saloon proposed, or they would precipitate a prohibition election within 30 days.

On Oct. 2 there will be an open meeting of the police committee, the chief of police, Police Commissioner Woodside and four additional members of council, when all persons desiring saloon licenses will have to appear and show that they will run decent saloons.

All applicants must publish three times in a daily paper their intention to make such applications. All the new licenses granted will expire next June.

Mayor Woodward made a talk against the report of the police committee, saying that he did not believe in such a drastic measure. He seemed to indicate that he might use his veto power, but since the vote of council was unanimous he will probably give his indorsement to the resolution.

The council chamber was packed with liquor men, and a large number of other citizens.

Governor Terrell Thursday morning offered the following rewards for the arrest and conviction of persons who took part in the recent rioting, leading to the murder of innocent negroes and white persons:

Two hundred dollars each for the first five convictions.

One hundred dollars each for the next ten convictions.

Fifty dollars each for the remainder of convictions.

Each conviction must be for a felony, that is the rioter must have taken part in violence leading to the killing or murder of inadcent persons of either race.

Children Wounded by Revolver.

New York, Sept. 28.—While playing with a revolver, three children dropped it and it exploded, the bullet wounding them all, one so badly that he died. The other two children received only slight abrasions. Joseph Hanna, 8 years of age, is the dead child. The others were Salvator Rizzotti, 6 years of age, and Josephine Sarcti, 6 years of age. The children found the revolver in a trunk in the Rizzotti home.

United States Engineer Kills Himself.

New York, Sept. 28.—Colonel J. Lask of the engineer corps of the United States army, killed himself at the home of his daughter, at Sandy Hook, N. J., by cutting his throat with a razor. Colonel Lask had been in ill health for some time.

HEARST WINS NOMINATION.

Named Gubernatorial Candidate by Democrats of New York.

Buffalo, N. Y., Sept. 28.—William Randolph Hearst, alternately eulogized and vituperated in scathing terms on the floor of the convention, was early Thursday morning nominated for governor on the first ballot by the Democrats of New York after an all night session. The nomination came after a day spent in fruitless attempts by his exponents and even some of his unpledged supporters to find a stronger candidate.

The Hearst men, however, captured the organization and put their man in despite the fact of William Travers Jerome's threat to take the stump against him and despite the fact that Mr. Hearst was more bitterly assailed on the floor than any other successful candidate in the history of New York politics. The vote stood:

Hearst, 309.
Sulzer, 124.
Dix, 17.
Necessary to a choice, 226.

The Ticket as Nominated.

Governor, William Randolph Hearst.
Lieutenant governor, Lewis F. Chandler.
Secretary of state, John Whalen.
Comptroller, Martin M. Glynn.
Attorney general, W. S. Jackson.
Treasurer, Julius Hauser.

Kills Mother and Her Babe.

Minneapolis, Minn., Sept. 28.—Minneapolis policemen are confronted by a mysterious hotel murder, that of a woman and unborn child. Attendants at the Glenwood hotel broke into a room, which had been occupied by persons registered on Tuesday as Fred Tyler and wife, and found on the bed the body of a young woman. There was a bullet wound in the top of the head and apparently she had been dead for several hours. It is said that the man who accompanied her left the hotel early Wednesday. The woman apparently was of the better class. Nothing was found to establish her identity. Her linen was marked "L. T."

Bunk Curtis Captured.

Macon, Ga., Sept. 28.—Deputy Sheriffs Tom Jones and Andrews arrested Bunk Curtis in the home of his brother-in-law, A. M. Lingo, after breaking into the house. Curtis, in company with his brother, Joe, are held responsible for the killing of John Newsome on Bridge Row, several weeks ago. Curtis said he was preparing to give up when arrested. No one but Curtis was in the house at the time and he offered no resistance. He is charged with murder.

Girl's Honor Is Vindicated.

Powder Springs, Ga., Sept. 28.—The statement that there was undue intimacy between John Bullard, the Cobb county farmer, and the daughter whom he killed has been denied. The young girl was held in high esteem here, by those who knew her, and the report that she was in a delicate condition when she was slain, has been disproven by the statement of Dr. J. D. Middlebrooks, who investigated the matter.

Sent to Pen For Thirty Years.

Greenville, S. C., Sept. 28.—Heeta Lawrence, the negro who criminally abused the 9-year-old daughter of H. Frank Smith, of Pickens county, was convicted of assault with attempt to rape and sentenced to 30 years in the state penitentiary. Lawrence is 45 years of age. Judge Watts congratulated the citizens for allowing the law to take its course.

Railroads Fined $283,075.

Washington, Sept. 28.—Since Jan. 1 a total of $283,075 has been collected from roads granting rebates or conspiring to give rebates, this being exclusive of the money collected for violations of the safety appliance law. Over 200 of the latter cases were filed, and in most of them the railroads went into court and confessed judgment.

Landslide Kills Workmen.

Meridian, Miss., Sept. 28.—Recent heavy rains caused a heavy slide of clay in a deep cut on the Mobile and Ohio railroad at Tamola, killing James Dupree and badly injuring Ali Gethe, James Washington and Lee Simmons. The gathering were

INTERVENTION IS SURE TO COME

Havana Business Men Think That Is Only Solution.

GOVERNMENT SEEMS WILLING

Peace Again Seems Not Uncertain, but American Government Continues to Prepare For the Possibility of Armed Intervention.

Havana, Sept. 28.—That intervention by the United States in Cuban affairs is only a matter of a few days is the consensus of opinion here.

The conditions on the island are such that forcible intervention will be welcomed by the business men not only of Havana, but of all Cuba. For more than a month business of every description has been paralyzed throughout Cuba, and there is no hope of betterment with political conditions as they are.

Intelligent Cubans have come to realize that a stable government under which the island can make progress is not possible unless the United States intervenes. For that reason every interest on the island will welcome intervention when it comes.

Brigadier General Funston arrived here Thursday on the steamer Olivette. He refused to discuss his mission to Cuba or the prospects of American intervention. The general was greeted by the Secretary of the American legation.

New York, Sept. 28.—Colonel Aguirre, head of the Cuban revolutionary junta in this city, has left for Havana in response to a cable message from Colonel Zayas, the liberal leader, urging his immediate departure.

Colonel Aguirre, just before starting, said that during his stay in New York he had received from the Cuban and Spanish colony here, upward of $100,000 to aid the revolutionaries. With Colonel Aguirre's departure, the Cuban junta here practically goes out of business.

One Penny For Insurance.

New York, Sept. 28.—A cable from London states that the heirs of one of the victims of the Grantham disaster have received $10,000 insurance which was effected at a cost of one penny. The insured was a regular subscriber to a London penny weekly which insures its readers against accidents and death. The day of the disaster, he sent his bag, containing a current copy of the paper, duly signed, to the hotel at Retford, where he expected to pass the night. Within a few hours of his death, the claim was examined and allowed.

Girl Falls Three Stories.

Macon, Ga., Sept. 28.—Mamie Whitehead, a 11-year-old factory child employed in Bibb Cotton Mills No. 2, fell from a third story window and, after turning several somersaults, landed on the ground, striking feet foremost. Her ankle was fractured and she was otherwise slightly bruised. Her wounds were dressed at the city hospital. Her narrow and miraculous escape was the surprise of the cotton mill community. She had leaned too far out of the window while stopping for a draft of fresh air.

Jones Charged With Shortage.

Swainsboro, Ga., Sept. 28.—E. F. Jones, who has been manager of the Bell Telephone system here, has disappeared and cannot be located. His accounts are in bad shape and it is said his shortage will probably amount to $1,000. He left last week, stating that he was going to Savannah on business and has not been heard of since. An investigation indicates that he is short and the company sent their traveling auditor, who is now checking up the accounts.

Rains Cause Much Damage.

Mexico City, Sept. 28.—The recent heavy rains have caused much damage to crops in various parts of the country. Two cities of the Pacific coast have been practically destroyed and railroad communication has been

COUNTY IS AWAKE TO GOOD ROADS

Fine Hard Road Now Being Constructed From Paradise.

MOST APPROPRIATE SYSTEM

The Commissioners Are Unselfish, and Will Devote a Mile Each Way to Help the County in the Matter of Travel. Will be Appreciated by Public.

The county commissioners have decided to begin, with other things, a new era in road-building, and will construct several miles of hard road within the next few months.

County Overseer of Roads Thigpin, with his force, was in the city Thursday. Mr. Thigpin stated that his force had just broken ground for a new clay road which is to be built from Paradise northeast toward LaCrosse, being a branch of the Gainesville and Paradise road. This road will be twelve feet wide, and will have a surface covering of ten inches at the highest thickness. Owing to the distance the material must be hauled, the cost of construction will be about $1,400

"The question of road-building in Florida is a serious one," said Overseer Thigpin, who is a practical road-builder. "As a matter of course, in many instances we are compelled to haul the material a long ways, which means the expenditure of a great deal of money. I have read of other States building hard roads at $350 to $400 a mile, but it must be remembered that they have the clay in the pits all along the line, while in some instances we are compelled to haul it a mile or more."

Overseer Thigpin agrees with Senator Mann that the oil road is a good thing, but reminds the people that the road must be practically built before the oil is applied. The oil is more of a saving in repairs than anything else, but is a good thing, and should be applied to all roads.

The commissioners have decided to build a mile each way from the roads already constructed, which means that at least four miles of new road will be constructed under this rule.

CLOSING UNDER BOYKIN LAW.

Gibert & Clay Suspend Their Business at Columbus.

Columbus, Ga., Sept. 28.—The Columbus exchange of Gibert & Clay was closed at the end of business on Wednesday, this being the first of the Georgia exchanges of this firm to close under the Boykin law. This exchange was established a year ago, and it is stated has been successful. M. D. Burnley, who has in charge the private wire system of Gibert & Clay, supervised the details of closing here Wednesday, and will go from here to other Georgia cities, gradually closing out their 15 exchanges in the state. The Atlanta exchange will be the last one to be closed. Anticipating that the Alabama legislature will at its next session pass a measure similar to the Boykin law, Gibert & Clay are also gradually closing out their exchanges in that state. Asking if Gibert & Clay would operate any exchanges just across the state line from any Georgia cities, Mr. Burnley said:

"No, we will not run a blind tiger like that."

Eight Convicts Escaped.

Bristol, Tenn., Sept. 26.—A complete jail delivery occurred at Abingdon, Va., near here. Eight convicts made good their escape. John Orr, convicted a few days ago of the murder of George Jones at the Union passenger station in Bristol and given an 8-year sentence; Porter Sale of the St. Lawrence hotel, alleged burglary, in Bristol, and sentenced to 14 years in prison for burglary and larceny, and 15 other prisoners made their escape.

Murder Trial at St. Mary's.

Brunswick, Ga., Sept. 28.—At St. Mary's, Camden county, Sam Green, a negro, was put on trial for murdering two negro girls on March 19, near White Oak. Green has been kept here for safe keeping. He was captured a few days after the murder by a posse of negroes, and narrowly escaped lynching.

Chartered by War Department.

New York, Sept. 28.—It was rumored along the New York water front late Wednesday night that the steamship Missouri of the Atlantic Transport line that the Morro Castle of the Ward Line and two Morgan line steamers had been chartered for transport purposes by the war department

Devastated by Typhoon.

Manila, Sept. 27.—The Cagayas valley, in the northern part of the Island of Luzon, was devastated by a typhoon Sept. 18. Barrios, Gallaron and Baggao were totally destroyed and four other towns badly damaged. Cayagas, the principal tobacco center of the section, was also destroyed and the crops in the vicinity badly damaged. The loss of life is slight. A typhoon in Laguna province, Sept. 22, caused about $150,000 damage in the towns situated in the path of the storm.

Tried to Kill Keeper.

New York, Sept. 26.—Otta Benga, the African pigmy, who has been exhibited at the New York Zoological garden for some time past, tried to kill a keeper with a knife. He fought furiously before being unarmed. Benga's anger was caused by the keeper turning a hose on him. Benga has been exhibited in the monkey cage. He has attracted wide attention because of the protest of several negro societies because of the exhibition.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Nautical Etiquette

They were on their honeymoon. He had bought a catboat and had taken her out to show her how well he could handle a boat, putting her to tend the sheet. A puff of wind came, and he shouted in no uncertain tones, "Let go the sheet." No response. Then again, "Let go that sheet, quick." Still no movement. A few minutes after, when both were clinging to the bottom of the overturned boat, he said:

"Why didn't you let go that sheet when I told you to, dear?"

"I would have," said the bride, "if you had not been so rough about it. You ought to speak more kindly to your wife."—New York Post.

Long and Short Days.

At Hamburg, Germany, the longest day occupies seventeen hours and the shortest seven. At Stockholm, in Sweden, the longest has eighteen and a half hours and the shortest five and a half. At St. Petersburg the longest has nineteen and the shortest five hours. In Finland the longest has twenty-one and a half hours. In the northernmost parts of Norway the longest day lasts from May 21 to July 2, the sun not sinking below the horizon during this period, but skimming along very close to it in the north. At Spitzbergen the longest day lasts three months and a half.

THE IVORY MARKET.

Tusks by the Acre Exhibited at the Big London Docks.

One of the sights of London is the great ivory floor at the London docks, where previous to and during the periodical sales ivory may be seen literally by the acre, for the tusks are laid out in lots on the floor of one of the great warehouses for inspection by intending purchasers. For weeks previous to the actual sale the special staff of the ivory department has been busy preparing the various consignments and arranging them according to the sizes and quality and classing them into the various grades, each of which has some particular use for which it is especially adapted.

There is practically no waste in the manufacturing of articles from ivory. The smallest chip is not thrown away, but carefully preserved to be utilized for some purpose. Even the shavings from the turning down of a billiard ball have a market value for use in inlaid work. Consequently the lots in an ivory sale by no means consist of tusks and sections of tusks alone, but include the residue from many previous sales. Buyers purchase the particular class that they require for their own individual industry and subsequently return what in most other materials would be waste to be resold to manufacturers of a different class of goods.

Though there is "no waste," oddly enough the most important consideration, from a buyer's point of view, is "how much waste" will a certain lot produce in the course of transforming it into his own particular line. Thus a lot that would be dear to one would be a gift to another, and vice versa. The most valuable class of ivory is that suitable for making billiard balls. To conform to the requirements the tusk must be perfectly sound and solid, without the slightest suspicion of a crack or flaw, and, moreover, they must measure only a trifle more than the regulation size billiard ball or they will cut to waste, from the manufacturers' point of view. On the arrival of a consignment of unworked elephant ivory from abroad the first preparation for the sale floor consists of a thorough cleaning of the interior or hollow part of the tusk. This is done by means of wads attached to long sticks. The exact length of the hollow is thereby revealed, and in addition cracks and flaws that cannot be observed on the exterior are at times disclosed. Soundness is the one thing that sways every class of buyer; flaws mean waste; waste means resale at a lower figure per pound.

Dangerous.

A contributor to the "Transactions of the Devonshire association" says that when he came to a certain place as vicar he asked whether there were any sick to be visited.

"Oh, no, sir!" was the answer. "Nobody is ever ill in Berrynarbor. There is an old man, to be sure, over ninety, who has taken lately to his bed, but there hain't much the matter with him that I know of."

"I thought to myself," added the vicar, "of the story of the Scotchman who said to his doctor:

"'Ye pu' a vara long face, doctor. D'ye think I'm dangerously ill?'

"'Na, na,' was the reply. 'I don't think ye're dangerously ill, but I think ye're dangerously old.'"

The Missing Key.

One telegraph operator was telling another of a quarrel he had had with another at the other end of a wire.

"I gave him fits over the wire for about two minutes."

"What did he say?"

"Did not give him a chance to say anything. I just opened the key and he could not come back at me."

"Goodness," put in a bystander, "wouldn't it be fine if we could work a scheme like that in matrimony? Just open the key and that would be the end of it."—New York Tribune.

A Clear Complexion and Bright Eyes.

WILL GO TO ARCHER.

Woodmen of the World Will Institute Lodge in That Town.

The members of Alachua Camp No. 5, Woodmen of the World, are anticipating a great trip for next Monday, as they have been designated as the lodge to install a new lodge of this order at Archer.

Council Commander Joseph Brooks, Ph. DD. M. F., etc., of Alachua Camp, who is a very enthusiastic Woodman, has been spending most of his time the present week in getting a team together especially for this occasion, and he assured a Sun representative last night that everything was in readiness.

Commander Brooks has ordered that the goat from Alachua Camp be fed especially well, and requests all members to donate their proportion of tin cans, etc., so that the appetite of this animal may be appeased, for he is regarded as a very dangerous goat. He will be used in the ceremonies at Archer.

Indications are that a large number of Woodmen will attend these instituting ceremonies, which promise to be among the most enjoyable in the history of the order in Florida.

NEW SCHOOL BAGS.

First National Bank Made Big Hit on Advertising Its Business.

The First National Bank may be listed among the most progressive institutions in the city. This accounts in a large measure for the success of the First National, as Cashier Taylor believes in keeping before the public the only national bank in Alachua county.

The bank has just received a quantity of school bags, which they intend to give away to the school children. As a matter of course the advertisement of the bank is printed upon the bag, but that does not interfere with the convenience of the bag or the accommodation of those who have occasion to use it.

Cashier Taylor stated Friday that he would give these bags away to the pupils of the high schools and inasmuch as they are constructed of durable material they will be appreciated by those who need them.

MR. HILL'S OPINION.

Says Citrus Fruit Crop from Tacoma and Other Points Will be Large.

L. L. Hill has returned from Tacoma, Kirkwood, Micanopy and other points, where he has been to investigate the prospects of the orange crop.

Mr. Hill states that he has visited several groves, all of which are prosperous, and he predicts that in the section visited there will be not less than sixty thousand boxes of oranges the coming season.

One of the finest groves visited was the grove of B. F. Fontaine, more familiarly known as the Slaughter grove. This grove will produce an abundance of fine oranges and grape fruit the coming year, and as an evidence of this fact Mr. Hill brought a fine cluster of grape fruit with him, which is on exhibition at Weston's store.

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn *why* this medicine has such a wide range of application in the cure of diseases. It is sent *free*. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

FROM MRS. CUTLER.

She Has Spent a Fine Vacation in Pennsylvania—Anticipated Trip.

A letter received from Mrs. J. B. Cutler, who has been spending the summer at Montrose, Pa., requests that the paper be discontinued from the receipt of the letter, as she expects to spend the month of October traveling through New York State and Canada.

"I certainly appreciated the dear old 'Sun' in Montrose," Mrs. Cutler said, "because it kept me posted on all the news and happenings of Gainesville. I should so much liked to have been present at the opening of the University, but it was impossible; but I want to assure my friends, the people of Gainesville, that my heart was with them."

Mrs. Cutler expects to be joined by her husband in New York, when they will take a trip together. They will return about November 1.

Friends of Mrs. Cutler will be delighted to learn that she has had a fine visit, and that she has been greatly benefited by the exhilarating atmosphere of the Pennsylvania mountains.

MELROSE NEWS NOTES.

Some Brief Items of Interest—A Baseball Game.

Melrose, Sept. 27.—T. A. Birt returned yesterday from a trip to New York.

Cail Yearwood is home from the Atlanta business school.

Hugh Barnett left yesterday for Hallendale, Fla.

Rev. and Mrs. T. H. Sistrunk left Monday night for Tampa and other places, to be gone during the week.

Mr. Roux of Gainesville is visiting Hartridge Lee.

Mr. and Mrs. F. S. Carrier leave today for Palatka. Mr. Carrier is to teach in the public school there.

Mrs. C. P. Huffman is visiting her daughter, Mrs. Chas. Rogers, Jr., at Live Oak.

Dr. J. C. Davis of Kansas City, Mo., was in town a few days this week on his way South.

S. W. Lawler and family have moved away. They have spent the summer months in Melrose.

On Saturday night the young people all met at Mrs. O. C. Husband's for a social gathering. The evening was spent in making candy and playing games.

The Melrose and Grandin baseball teams played together again on Saturday, Melrose winning.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

A Clever Picture.

The last issue of The Inland Printer, a journal published in the interests of the printing fraternity, carried a picture of little Miss Christine, the two-and-a-half-year-old daughter of Mr. and Mrs. Tomkies of this city. The picture represents the little lady standing in the yard at her home, kodak in hand, ready to "take" anything which might come under her vision. It is indeed a cute and interesting picture, and Miss Christine should feel proud that she secured the space in such a valuable journal as The Inland Printer.

In Mayor's Court.

There was an interesting session of the mayor's court Faiday morning, and the following cases were disposed of:

E. Papy, disorderly conduct, $3 and costs; Obie Ross, Columbus Berry, John Montgomery, Richard McClellan and John Walker, disorderly conduct, $2.50 and costs each.

Earthquake Shocks at San Juan.

San Juan, P. R., Sept. 28.—The city of San Juan experienced a series of heavy earthquake shocks Thursday, beginning at 10:17 a. m., increasing in intensity and lasting 30 seconds. The terror-stricken occupants of the shaking buildings fled to the streets. Even the government buildings were deserted, but no damage has been reported. The excitement among the people is intense.

To Marry Aimee Angeles.

New York, Sept. 28.—It was announced Wednesday night that George Considine, who runs the hotel at Metropose, with his two brothers, is to Marry Aimee Angeles, the actress, on Sunday night.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

The first Saturday in October is Orphanage or Work Day. The Florida Baptist Orphanage, Arcadia, Fla., asks that everybody in the State give to this home the earnings for that day. A year ago the responses to a similar appeal were very gratifying.

The new meat inspection labels are unique. They consist of a thin piece of gelatine or like substance about one and one quarter inches square. On the label is printed in blue letters something like this: "U. S. Inspected and passed 207." The inspector simply slaps the little tag on the piece of meat and the moisture makes it stick. In a short time the gelatine dissolves and the blue letters remain on the meat. It can't be removed except by cutting it off and is perfectly harmless.

A fox chase will attract its share of attention at the Jacksonville Carnival. This feature has just been added. A pack of yelping hounds will be turned loose in a net runway, surrounding an opening where the spectators will stand, and a fox will give the dogs a chase of their lives through these wire passages. The dogs are muzzled so they cannot wound the animal, and there will be no inhumane phase of the show according to the program. A number of live foxes will be there for the amusement.

A most important part of the training of boys is to insist on their being exact and accurate in everything connected with money. A boy should have an allowance at an early age and keep within it. He should be taught by example or precept that money-making is the greatest thing in life, but he should be made to feel that he cannot cheat or gamble or borrow without paying. An abhorrence of debt should be instilled into a boy's mind at a very youthful age, and we then would have fewer shipwrecks of honor, fewer embezzlements, fewer ruined names and blighted homes if strict integrity were the cornerstone of home education.

SERMONETTES

We need less advice on how to get a job, and more on how to hold one.

Inherited millions sometimes rob one of his native right to make a living.

Somewhere beyond the curve of your world there is a harbor—the harbor of your hopes.

Your fate is in your fingers to be unravelled just like the patient girl unravels the tangled thread.

It is certain that those who own the implements of production are to be the masters of the many who use them.

Some act as though every reason for work had been stolen from them—and yet they wage relentless war on thieves.

Too many strong men are contented to sing around barber shops in minor keys, or to accept the destiny of a cigarette, hammock-swinger.

I grow tired watching men spend their days on affairs far beneath their powers. Many a pointer-pup wastes his energies pointing sparrows in the park. He needs some one to take him afield. So do you.

Are you The Young Man in a Hurry? Just as well draw the line now between fame and notoriety. You can't break in on a restless, wide-awake world. The many gates are wide open—but you must pass that way.

The man who broods over an existence merely eked out, and faces penury and want as the shadows lengthen, will surely back into some cave of refuge. He at last accepts a theory of despiration hurtful to himself, or embraces a doctrine that makes him a social element. Why wonder over it? Leaning forever on a slavish hoe, gazing into a starless future, of necessity runs one mad.

IT IS A LIBEL.

We sometimes hear a clergyman consoling a mother, distracted over the death of her darling child, by telling her that a mysterious Providence has taken it from her for wise reasons and that she must find comfort in her bereavement. What! Has God snatched from the loving parents a beautiful child just blooming into youth? Does the Creator of harmony produce discord? Does the author of health and beauty smite his noblest work ere it is finished—a work into which He has endowed with aspirations and possibilities as high as heaven itself? It is a libel upon Him, who has fashioned the human body so wonderfully and fearfully wrought, that it may withstand ravage of time for a century. God does not murder nor torture his children. He rather tries in a thousand ways to induce them to keep the laws of health, which if obeyed, would carry them to a ripe old age. He tries in every way to prolong life after we have forfeited every right to it and have become useless drones.

The hopes of the people that were raised to such a high pitch of having a cheap fuel through the removal by an act of the last Congress of the tax on denatured alcohol are in a fair way to be entirely dashed by the action of the big Standard Oil octopus. It is understood to have gobbled about all the distilleries of the country, those at Peoria being turned over to the monopoly recently. Instead of the price of denatured alcohol being cut to 15 to 20 cents per gallon, it will be kept up to 40 to 50 cents, so as to be held entirely out of the way of competition with the Standard Oil product.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address; F. J. CHENEY & Co., Toledo, Ohio.

The best time to enter school is on the first day of the school year; the best time to leave is on the last day of the last term of the school year. First year pupils, that is, pupils who are entering school for the first time after reaching six years of age, should not enter after the first month of any term is past. The interruption and hinderance to the rest of the pupils of this grade is more than any considerate parent ought to demand. If your child does not become of school age (six years old) till after the first month of the term is past, or if you do not get ready to send him the first month, keep him out till the beginning of the next term.

Every cigar smoker knows the Pittsburg stogie. It is a long, small, ragged-looking cigar, generally made of strong tobacco and about as unsightly a thing as could be twisted out of the weed. The tobacco, however, in them is good, and they are cheap, two virtues that have continued them in favor. Now, the chief manufacturer of them, Augustus Pollack, has died in Pittsburg at the age of 76. He was one of the founders of the Pittsburg, Chicago and St. Louis railroad, and he has made a large fortune out of his peculiar brand.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SALOONS CLOSED AT 6 O'CLOCK.

Mayor Smith of Macon Enforces His Order.

Macon, Ga., Sept. 28.—An order for the closing of all Macon saloons came from Mayor Smith Wednesday morning and at 6 o'clock it went into effect for the first day. Macon whisky houses will be closed at this hour every evening until quiet has been restored among the people. All precautions has been taken from the outset and that this restriction was necessary there has been little doubt. The saloons will not be operated after dark and the "shut-up-shop" order will be strictly observed for several days.

There was an executive session of the city council at which time all plans were fully discussed. Mayor Smith has had conferences with all the leading negroes of the community and the injunction each time was to "keep everybody quiet." The better class of negroes in Macon, especially the negro ministers, have given all their time to restoring quiet after the first exciting reports from Atlanta. The town has been frequented by Atlanta negroes from the outset, but Macon negroes have generally desired order among their race and few found sympathy here.

The crusade against vagrants and the dive element which was on for a month prior to all the excitement in Macon has been renewed, and both the mayor and council will take every precaution in seeing that the objectionable places are shut up. There has been a warning to officials in Macon, which will not be forgotten, and the care will be administered for racial ills with a strong determination.

Fendley Cleared of Murder Charge.

Abbeville, Ga., Sept. 28.—The jury rendered its verdict late Wednesday evening, after a two days' trial, in favor of the acquittal of W. J. Fendley, charged with the murder of W. T. Rycraft at Pitts on July 2 last. Fendley was very ably represented in the case by Judge Twiggs of Savannah, and Mayor E. H. Williams of this place, while the opposition were well represented by Colonel Tom Eason of Fitzgerald, and D. B. Nicholson of Rochelle.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Will Dismiss the Price Case.

Washington, Sept. 28.—In view of a dispatch received by the postoffice department from the postmaster at Atlanta that J. L. Price, the negro who was arrested charged with supplying ammunition to the blacks, had been released, no further action is contemplated.

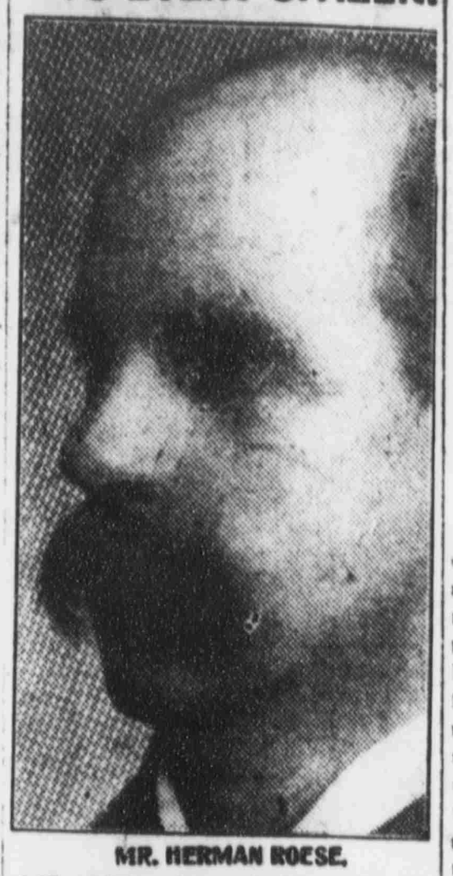
OF VITAL INTEREST TO EVERY CITIZEN.



MR. HERMAN ROESE.

A Man of Prominence in School Circles and Overseer of the Poor Says Pe-ru-na Has Proven a Most Efficacious Remedy.

Herman Roese, 18 New Butternut St., Syracuse, N. Y., is President of the Board of Trustees of Webster graded schools, Dist. 8, in the town of Salina.

He is also Overseer of the Poor, which position has afforded him ample opportunity for noting the causes of disease, as well as the best means of preventing and curing the same.

He expresses his approval of the use of Peruna as a very effective means of solving a problem of such vital interest to the community, as follows:

"Exposure seems to affect the lungs and kidneys of the poor and I have seen hundreds of these who were brokendown in health from this cause.

"I am pleased to tell you that Peruna has proven a most efficacious remedy in a number of cases where no other medicine was used.

"I consider it a specific for any disorders of the respiratory organs."

Missing Hero Is Discharged.

Washington, Sept. 28.—Orders have been published by the war department announcing the discharge from the service of the United States of First Lieutenant Louis E. Caulfield of the Philippine scouts. Five months Lieutenant Caulfield has been absent without leave and his present whereabouts is unknown to the department. At the time of the earthquake in San Francisco, last April, Lieutenant Caulfield was on leave of absence in that city and, as he has not been heard from since that time, it is feared he may have been one of the victims of that disaster. He served in the Sixth infantry with credit during the Spanish war. He participated in the battle of San Juan Hill.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00 Trial bottle free.

Steamer Columbia Wrecked

Seattle, Wash., Sept. 28.—A special to the Post-Intelligencer from White Horse, Alaska, says that the steamer Columbia, owned by the White Pass company, enroute to Dawson was reported at Tantalus Tuesday night as a total wreck. The chief mate, Joseph Welch, and one fireman are missing.

Vagrants Routed In Columbus.

Columbus, Ga., Sept. 28.—The police authorities of Columbus have commenced a more vigorous crusade against the idlers and vagrants of the city than they have ever waged heretofore.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Albany Moves Against Dives.

Albany, Ga., Sept. 28.—At a joint meeting of the police commissioners and the city council a campaign against the negro barroom dives and the vagrant class of negroes was inaugurated. An ordinance constituting a radical departure from existing regulations forbidding a person to remain in a saloon when not patronizing the bar or actually engaged in a game of pool or billiards was adopted. The police force was increased one man, and the commission was authorized to employ indefinitely as many extra policemen as may be necessary to make the new ordinance effective. Good negroes are not to be interfered with, but the vagrant will be made to go to work or to other fields.

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Two Killed by Fast Train.

Knoxville, Tenn., Sept. 26.—William H. Haynes, aged 40, and Dewey Haynes, aged 17, was instantly killed Monday afternoon, and George W. Cox fatally injured, when a party of four men were struck by a fast Southern passenger train at New Line, a small station near Morristown. The men were enroute from Mansfield to New Line, where they intended to start a saw mill. The fourth man of the party, Jesse Chesterfield, escaped without injury. They had awaited the passage of a freight train and stepped directly in front of the passenger train.

FIRE ON SHIP CAUSES PANIC.

Vessel With 1,400 Passengers Has Thrilling Experience.

New York, Sept. 28.—Fire in the steamer's hold during the voyage from Naples created a panic on board the Italian steamer Nord America of the La Volce line, which arrived Wednesday. No one was injured and the fire was extinguished after hard work and without serious damage. The Nord America carried 85 cabin passengers and 1,333 persons in the steerage. The steamer left Naples Sept. 13, and on the morning of Sept. 20 fire was discovered in the coal on the starboard side forward.

Without alarming the passengers, Captain De Barbier summoned the crew to fire quarters and the flames were fought. But the smell of smoke reached the steerage, where the people at once became restless. As a precaution armed guards were placed at the boats with orders to shoot at the first indication of a scramble to board them.

The Italians gave no trouble, and the fire was apparently extinguished. The flames broke out fiercely the next day, however, and were put out only by flooding the compartment.

The liner reached here without further incident.

If It's a Reputation

You are after, White's Cream Vermifuge has a world-wide reputation as the best of all worm destroyers and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child, get a bottle of White's Cream Vermifuge. Sold by W. M. Johnson.

Bryan in Indian Territory.

Vinita, I. T., Sept. 28.—William J. Bryan spent a strenuous day in the territory Thursday, speaking here, at Chelsea, Claremore and at other points on his trip northward. Mr. Bryan arrived in Vinita early today from Muscogee. He was escorted by 400 horsemen to a grove near town. There he spoke for an hour and much enthusiasm was displayed. He departed from Vinita immediately after he had concluded his speech.

General Robert E. Lee

I am never without it." Sold by W. M. Johnson.

America Owns Palma's Island.

Washington, Sept. 28.—It is said at the state department that no doubt exists as to the American ownership and control of Palma's Island, one of the small islands on the southeastern edge of the Philippines. About 18 months ago the war department requested the department of state to determine whether or not Palma's Island was included in the Philippines owned by the United States.

TRIAL OF CASES OF BIGAMY.

Interesting Week For Pickens County Superior Court.

Jasper, Ga., Sept. 28.—Pickens superior court adjourned Wednesday after a two day's session. Three cases of bigamy were the only cases of any importance disposed of.

Bunk Walkie was given two years in the penitentiary for running away with and marrying Mary Smith, the wife of one Brackett. The woman was fined $50 and costs, upon recommendation of the jury.

A young sister of Mary Brackett, who was the wife of one Godfrey and married a brother of Walkie in this county, was fined $25 and costs, she being a child. All the parties lived in Ducktown, Tenn., and came into this county about the first of August, and were followed by the former husbands, apprehended and tried here.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Changes to Independent.

Rochester, N. Y., Sept. 28.—The Rochester Morning Herald, ever since its birth a Democratic newspaper, in Thursday morning's issue announces itself as an independent newspaper and advocates the election of Charles E. Hughes. The Union and Advertiser of this city, hitherto Democratic, in its issue today avers that it owes no allegiance to the candidate of the Democratic convention at Buffalo, W. R. Hearst.

NOTICE OF ELECTION.

Whereas, The Legislature of 1905, under the Constitution of 1885, of the State of Florida, did pass five Joint Resolutions proposing Amendments to the Constitution of the State of Florida, and the same were agreed to by a vote of three-fifths of all the members elected to each House; that the vote on said Joint Resolutions were entered upon their respective Journals, with yeas and nays thereon, and they did determine and direct that the said Joint Resolutions be submitted to the electors of the State at the General Election in November, 1906.

NOW, THEREFORE, I, H. CLAY CRAWFORD, Secretary of State of the State of Florida, do hereby give notice that a

GENERAL ELECTION

will be held in each County in Florida on Tuesday next succeeding the first Monday in November, A. D., 1906, the said Tuesday being the

SIXTH DAY OF NOVEMBER,

for the ratification or rejection of the said Joint Resolutions proposing Amendments to the Constitution of the State of Florida, viz:

ARTICLE XXVIII.

That the following amendment to Article XVI of the Constitution of the State of Florida be and it is hereby agreed to and shall be submitted to the electors of the State at the general election, to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection.

Section 32. The Governor, the Comptroller, the State Treasurer, the Attorney-General and the Commissioner of Agriculture of the State of Florida, and their successors in office, are hereby constituted and designated as a board of drainage commissioners, and are hereby authorized and empowered to establish a system of canals, drains, levees, dikes and reservoirs of such dimension and depths, as in the judgment of said board of drainage commissioners is deemed advisable, to drain and reclaim the swamp and overflowed lands within the State of Florida, or such parts or portions thereof as is deemed best by said board of drainage commissioners from time to time, and to provide for the irrigation of the lands reclaimed, and to maintain such canals, drains, levees, dikes and reservoirs in such manner as will be most advantageous to the territory so drained, the State of Florida, its inhabitants and the commerce thereof.

Section 33. That the board of drainage commissioners are hereby authorized and empowered to establish drainage districts and fix the boundaries thereof in the State of Florida. That the board of drainage commissioners be and it is authorized and empowered to prepare a list or lists of all the alluvial or swamp and overflowed taxable lands within such drainage district or districts, and levy thereon an acreage tax not exceeding ten cents per acre per annum to be fixed annually by said board of drainage commissioners, and the various tax assessors of the various counties embraced in part or in whole within such drainage district or districts shall receive such list or lists and enter the same upon the tax rolls of the county or counties in which such lands may lie and the amount so levied by the board of drainage commissioners in such manner and form as may be prescribed by the board of drainage commissioners from time to time, which amounts shall be collected by the various tax collectors of the counties wherein such levees have been made as other taxes are collected in accordance with law, and pay over said amounts collected to the board of drainage commissioners; said commissioners shall have a lien superior to all other liens upon the taxable lands in any such drainage districts to be enforced by tax levy, for the cost of any work done under the provisions hereof, or done prior to the adoption of this amendment, under the provisions of an act of the Legislature passed in 1905.

Section 34. That the board of drainage commissioners be and it is authorized to exercise the right of eminent domain in the condemnation of land for the location of its canals, drains, levees, dikes and reservoirs for the purpose aforesaid and may enter upon, take and use such land as it may, pending condemnation proceedings, deem necessary for such purposes, and in ascertaining the compensation to be paid for such land or right of way, benefits to be derived from such drainage shall be considered by the jury.

Section 35. The Legislature may provide for the assessment of benefits derived by lands by reason of such drainage, and the collection thereof; the proceeds therefrom shall be paid to the board of drainage commissioners to be used by them for such drainage purposes.

Approved May 27, 1905.

ARTICLE XXIX.

That Section nine (9) of Article five (5) of the Constitution of the State of Florida be and the same is hereby amended so as to read as follows, viz:

"Section 9. The salary of each Justice of the Supreme Court shall be four thousand ($4,000.00) dollars a year. The salary of each Circuit Judge shall be three thousand five hundred ($3,500.00) dollars a year."

That the foregoing amendment to Section 9 of Article V of the Constitution is hereby agreed to and the same shall be submitted to the electors of the State for approval or rejection at the next general election of representatives as required by Section 1, Article XVII of the Constitution.

Approved May 31st, 1905.

ARTICLE XXX.

That the following amendment to Article V of the Constitution of the State of Florida, relative to the Judiciary Department to be numbered section 39 of said Article V, be and the same is hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 39. That annual salary of the Judge of each of the Criminal Courts of Record now, or hereafter to be, established shall be paid quarterly by the county where such court is established, and shall be as follows: In counties of less than fifteen thousand population, one thousand dollars; in counties of from fifteen thousand population, one thousand dollars; in counties of from fifteen thousand to twenty-five thousand population, fifteen hundred dollars; in counties of from twenty-five thousand to thirty-five thousand population, two thousand dollars; and in counties of more that thirty-five thousand population, twenty-five hundred dollars, hereby repealing any and all parts of the said Constitution in conflict herewith.

Approved June 6, 1905.

ARTICLE XXXI.

That the following amendments to Article V of the Constitution of the State of Florida, relative to the Judiciary Department, to be numbered Sections 40, 41, 42, 43, 44, 45, 46, and 47, of said Article V, be and the same are hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 40. There shall be established in the county of Escambia, whenever the voters of said county shall so determine by a majority of the votes cast, on the question at any general election, a court of record and there shall be a judge of said court who shall be appointed by the Governor and confirmed by the Senate, who shall hold his office for six years and whose salary shall be two thousand, five hundred dollars a year, payable quarterly by the county of Escambia. The criminal court of record now established in Escambia county shall, upon the adoption of these amendments, become and be the court of record as herein provided and all officers of such criminal court of record shall be officers of such court of record and discharge the duties and receive the emoluments of such until the expiration of their present term of office.

Section 41. The said court and Judge shall have exclusive original jurisdiction of all criminal cases, not capital, which shall arise in Escambia county, and shall have in Escambia county, concurrent with the Circuit Court and the Circuit Judge of said county, the same original jurisdiction of all other cases and matters as the circuit court and circuit judge of said county and the same power to issue writs of mandamus, injunction, quo warranto, certiorari, prohibition, habeas corpus and all writs proper necessary to the complete exercise of their jurisdiction as the circuit court and circuit judge of said county, except the power and authority to summon and empanel a grand jury.

Section 42. There shall be six terms of said court in each year.

Section 43. There shall be for said court a prosecuting attorney who shall be appointed by the Governor and confirmed by the Senate and who shall hold his office for four years. His compensation shall be fixed by law.

Section 44. All offenses triable in said court shall be prosecuted upon information under oath to be filed by the prosecuting attorney, but the grand jury of the circuit court for said county may indict for any offence triable in the court of record. Upon the finding of such indictment the circuit judge shall commit or bail the accused for trial in the court of record, which trial shall be upon information.

Section 45. The clerk of said court shall be elected by the electors of Escambia county and shall hold office for four years and his compensation shall be fixed by law. The sheriff of Escambia county shall be the executive officer of said court, and his duties and fees shall be fixed by law.

Section 46. The same rule of procedure and practice which obtain in the circuit court of the county shall obtain in the court of record, and all laws relative to criminal courts of record, except as otherwise provided herein, shall apply to and control the court of record. Change of venue may be had from the court of record to the circuit court of another county for the same causes, and under the laws providing for changing the venue from circuit court of one county to the circuit court of another county. The Governor may, in his discretion, order the circuit judge of Escambia county or of any other county to hold one or more terms or parts of terms of the court of record. Any civil cause in the court of record may be tried before a referee, or in case of the disqualification of the judge of the court of record, may be tried by a judge ad litem, or may be transferred to the circuit court of Escambia county or of any other county, in the same way and according to the same provisions as govern such proceedings in the circuit court of Escambia county.

Section 47. The Supreme Court of the State shall have appellate jurisdiction in all cases at law and in equity originating in the court of record, and in cases of conviction of felony in the court of record. The circuit court of Escambia county shall have final appellate jurisdiction of all misdemeanors tried in the court of record. All appeals or writs of error prosecuted from the court of record, whether to the Supreme Court or Circuit Court, shall be prosecuted in the same way and according to the same rules as govern such proceedings from the Circuit Court to the Supreme Court.

Approved June 6, 1905.

ARTICLE XXXII.

That the following amendment to Article XVII of the Constitution of the State of Florida be, and the same is hereby agreed to and shall be submitted to the electors of the State at the general election in 1906 for ratification or rejection:

Section 1. Either branch of the Legislature, at a regular session thereof, may propose amendments to this Constitution; and if the same be agreed to by three-fifths of all the members elected to each house, such proposed amendments shall be entered upon their respective Journals with the yeas and nays and shall be published in one newspaper in each county where a newspaper is published, for one month immediately preceding the next general election of Representatives, at which election the same shall be submitted to the electors of the State, for approval or rejection. If a majority of the electors voting upon the amendments at such election shall adopt the amendments the same shall become a part of the Constitution. The proposed amendments shall be so submitted as to enable the electors to vote on each amendment separately. All amendments adopted at the election at which this is submitted or heretofore adopted by the electors are hereby declared a part of the Constitution from the date of the adoption of the same.

Approved June 6, 1905.

The votes cast in compliance with said proposed amendments, and the canvass, declarations and returns thereof, shall be subjected to the same regulations and restrictions as are provided by law for general elections in the State of Florida.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Florida, at Tallahassee, the capital, this first day of August, A. D., 1906.

[L. S.] H. Clay Crawford, Secretary of State.

To L. W. Fennell, Sheriff of Alachua county.

Prof. Murphree made a fine address upon this occasion which was enjoyed by the large crowd present.

Dr. L. Colson, a prominent young dentist of Fort White, has decided to begin practice in St. Petersburg. Dr. Colson is a brother of Dr. J. H. Colson of this city, and spent the day with him en route to his new home.

D. L. Graham, agent of the Southern Express Company at this point, left yesterday for South Florida on official business. Mr. Graham is now acting route agent, Route Agent Rhodes being on his vacation in North Carolina.

Attention is called to the advertisement of A. J. Vidal, dealer in the standard school books, who will offer for the next few days a reduction in books of ten per cent. His notice will be of interest to parents and others who have children to send to school, as it is a money-saver.

National Bank Examiner J. K. McDonald was in the city Thursday, having come to examine the affairs of the First National Bank of Gainesville, as required by law. Mr. McDonald found everything in first-class condition, and complimented the bank on its large deposits and efficient management.

Rev. S. B. Rogers and family have returned from North Carolina, where they have been sojourning for the past two months. Friends here will be glad to note that they are very much improved in health, and enjoyed their visit immensely. Mr. Rogers desires to announce that he will fill the pulpit of the First Baptist Church next Sunday, and will be glad to greet his friends.

Joseph Tinsley is in the city, a guest of his mother, Mrs. M. E. Tinsley, South Pleasant street. Joe is a Gainesville boy, and is very popular among those who know him. He is now associated with E. R. Brackett, produce and commission merchant, New York. He has just returned from points in South Florida, going as far south as Bradentown and the Manatee section. He reports the prospects for oranges and grapefruit better than for several years, and the growers are feeling confident of good prices.

A WELCOME SERMON.

Dr. Andrew Sledd of the University Will Preach Sunday Evening.

There will be a union service Sunday evening at 7:30 o'clock at the First Presbyterian Church, in which the ministers and churches of the city will extend their welcome to the faculty and their families and the students of the University. President Andrew Sledd will preach the sermon.

The faculty and students are specially invited to attend this service, and will have special seats reserved for them. The students are requested to come to the church in a body and sit together.

There will be a full attendance on the part of the members of all the city churches, as the occasion is one of special and wides-pread interest. Strangers and the public in general are cordially invited.

Prominent Commission Man Here.

E. R. Brackett of New York, head of the firm which bears his name and which handles large quantities of produce, arrived in the city yesterday from Tampa and other points in South Florida.

This was Mr. Brackett's first visit to Gainesville, although he has been dealing with our truckers and fruit growers for many years. He has always treated them squarely, but it was his first opportunity upon this occasion to meet the men with whom he had been dealing, and several were at the station to greet him, having been informed by his representative, Joseph Tinsley, that he would be here.

Mr. Brackett was shown about the city, and expressed great surprise. He stated that, while he knew Gainesville was a good town, he never had the idea of progress here. "You fellows are a lot of hustlers," he said, and if I was going to move South I would certainly select Gainesville as my home, on account of your educational advantages and excellent surrounding fertile lands."

Friday Last Night.

Friday was the last night of 6:30 closing for the merchants during the present season. It is a custom each year, during the summer months, to close their respective places of business at this hour each day, except Saturday, in order that the clerks may secure the evening for rest or pleasure. This is a most generous act, and as a rule the clerks appreciate it. The season closes on October 1, however, which means that all places of business will be open after supper in future.

Teachers' Meeting.

Mr. McBeath, principal of the public school, requests The Sun to announce that there will be a meeting of the University High School teachers at the principal's office Saturday morning at 9 o'clock. A full attendance is desired, and there are matters of special importance to be attended to.

Friday's Ball Game.

The game of base ball between the Elks and Oak Hall's at the park Friday afternoon was not as well attended as had been expected and desired.

The game only lasted for seven innings, the score resulting nine to five in favor of the Elks.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville

We have a few nice driving horses from Kentucky, and anyone wishing a nice driving horse would do well to see us. We must sell to make room for our new car. Crawford & Davis.
